

How EARPai CORP Works

EARPAI
CORP

Business Knowledge Upload

Each business provides:

- ✓ Website content
- ✓ FAQs
- ✓ Product & service descriptions
- ✓ Internal documents (PDF, Word, etc.)

AI Training & Indexing

Our platform processes this content and builds a custom knowledge base for that business.

The AI is trained to understand the company's language, tone, and offerings.

Multi-Channel Deployment

The same AI brain deployed across:

- ✓ Website chat widget (chatbot)
- ✓ Facebook Messenger
- ✓ WhatsApp

Real-Time Conversations

Customers ask natural-language questions and receive:

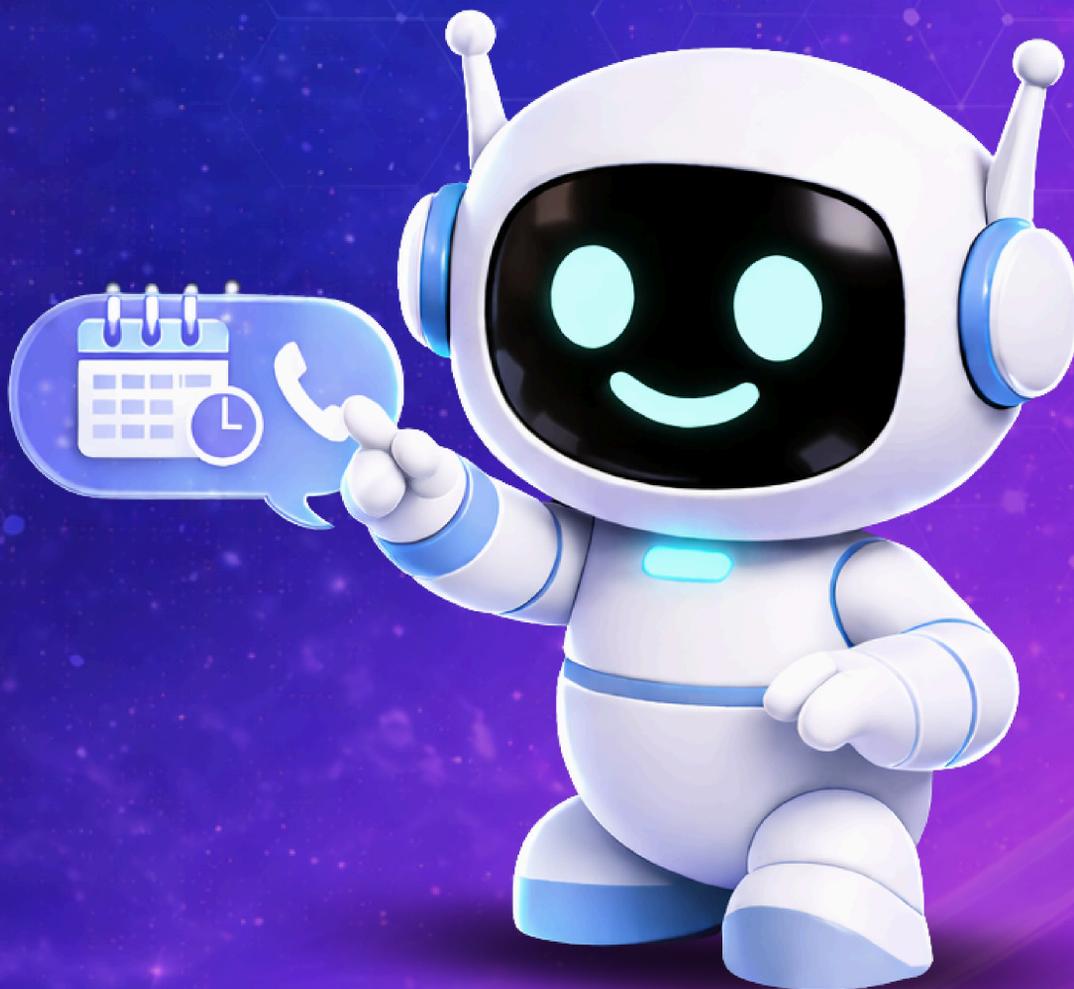

- ✓ Accurate product information
- ✓ Escalation to a human when needed (HITL - Human-in-the-Loop)

Continuous Improvement

Business owners can:

- ✓ Review conversations
- ✓ Add new documents
- ✓ Retrain the AI anytime for better accuracy
